ENTERPRISE-GRADE HOSPITAL MANAGEMENT

HMS Care Plus is a fully integrated digital platform built for modern hospitals. Streamline OPD, IPD, Pharmacy, Lab, Billing, and more — all from one intelligent system.

ABOUT HMS CARE PLUS

HMS Care Plus is a comprehensive Hospital Management System that digitizes and streamlines hospital operations. Our integrated platform connects every department—from OPD to ICU—through a secure, intelligent ecosystem built for modern healthcare. Trusted by healthcare professionals, HMS Care Plus simplifies workflows, provides real-time insights, and helps hospitals deliver efficient operations and better patient care.

OUR CORE STRENGTHS

Integrated Healthcare Ecosystem:

Connects OPD, IPD, Pharmacy, Laboratory, Radiology, Blood Bank, Nursing, Billing, and Administration on a single platform for seamless collaboration and efficient operations.

Digital Transformation Platform:

Automates hospital workflows with ABDM-compliant infrastructure, real-time analytics, and secure role-based access for smarter healthcare management.

Modern Healthcare Technology: Built on a cloud-ready architecture with AI-powered insights and ABHA integration, HMS Care Plus delivers secure, scalable, and future-ready healthcare technology.

Patient-Centric Operations: Designed around the complete patient journey—from registration and consultation to diagnostics, pharmacy, admission, and discharge—for a seamless and efficient healthcare experience.

OUR IMPACT

Enterprise Hospital Platform

Built for large, multi-department hospitals

End-to-End Department Connectivity

One system connecting OPD to ICU

Secure Digital Records

ABDM-compliant patient data protection

Reliable Cloud Performance

Built for always-on hospital operations

Dedicated Support Team

Here whenever your hospital needs us

WHY HMS CARE PLUS?

HMS Care Plus is built for hospitals that value reliability, efficiency, and scalability. With rapid deployment, dedicated support, and continuous innovation, we help healthcare institutions deliver better care.
